Re: Abstract: Pesticide Use Near Waterways – NPDES Permitting and ESA Compliance

Dear Ms. Grasso:

I am writing to propose a topic for presentation at the 2004 Agriculture and Water Quality in the Pacific Northwest and Idaho Ground Connections Conference. The subject area involves NPDES permitting and ESA compliance associated with pesticide use near waterways. Enclosed is an abstract of the topic and brief biographical sketch, as requested in the call for presentations.

I would be happy to present on this issue either individually or as part of a panel. The breadth of this topic area may be particularly well suited for a panel discussion since it impacts several of the conference topic areas including "Management," "Regional Issues" and "Salmon Issues."

Please let me know if you have any questions. I look forward to hearing from you.

Very truly yours,

A handwritten signature in dark ink, appearing to read "Teresa A. Hill", written over a horizontal line.
